SPRING IS IN THE AIR

Thanks for all of your support at the start of 2014 and the 2014 Twirling Season. We had a successful first competition with all teams performing their best. Jump Start bringing home first place honors and Delight coming in a close second place. Freestyles were well received by the audience. VBC dominated the foundation events and CAS events, including Maya coming home with the SC “Souper” Twirler of the Day. We will continue working hard towards new goals. Enjoy the weather along with all of the blooming flowers (like your athletes) ahead.

QUESTIONS AND ANSWERS

Q: Who was Patsy Hamilton?

A: Patsy Hamilton supported the sport of baton twirling for over 50 years before her passing. She not only loved baton twirling, she enjoyed dancing, poetry, reading and writing. She was an accomplished coach and adored judge. With her unexpected passing in 1994, her loss was felt by many people in the baton twirling community.

Q: Why is the competition called the PHMC?

A: The end of the competition season culminates with a CA Baton Council sponsored competition. This competition is named in her honor.

Q: What is special about this competition?

A: The memorial event includes an essay contest, where young athletes submit one page essays on a given topic, such as sportsmanship, competitiveness, or inspirational mentors. Over the years it's been wonderful to share the thoughts of competitors with the Hamilton family. The family judges these essays, ranging in age from about 7 to 17, on what life lessons the sport of baton twirling teaches. The essay award is presented at the competition and the essay is read aloud.

Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the stars to change the world. –**Harriett Tubman**

TWIRL MANIA RESULTS

Twirl Mania was held from February 14th to February 16th in Orlando, Florida. The ESPN Wide World of Sports was host of this fantastic competition. Courtney and Jenny travelled independently with Coach Paige for the five-day competition/mini-vacation. The first day started with the Gold Invitational. It consisted of their solo, coordination (2 and 3 batons), and freestyle routines. Each performed well and learned from the tough division of over 25 athletes. On Saturday, they competed in the open competition including strut and dance twirl. Each athlete scored the top 5 in their divisions. When they were not competing in the arena, Courtney and Jenny were able to go to the Magic Kingdom, Hollywood Studios, Epcot, Downtown Disney, and a bit of shopping at the outlet mall nearby. Paige was able to squeeze in a little time for herself too!

MESSAGE FROM THE CA COUNCIL PRESIDENT (Email copied directly from Kristine Rodriques)

Coaches, please take a moment before competitions and educate your students/parents on the proper protocols of our competitions. For the safety of our athletes and your own safety, we are asking that parents do not enter the competition floor and that there must not be any walking on the floor when the music is playing. It is the responsibility of the Competition Directors and the Board Members to monitor to ensure that the floor maintains clearance for the safety of our athletes. Contest Directors, please ensure that you have sufficient oversight to address these safety protocols. The CBC Board also requests that Contest Directors designate the team/freestyle judges' area. Having to explain why interested parents, students, or bystanders that they cannot sit or stand in this area is distracting to our judges, and prevents them from adequately evaluating the performances. Thank you!
